

ST-1700 Professional ergonomic high pressure spray guns

**Ideal for smaller hands:
28 percent smaller than
standard spray guns
in this class**

ST-1700, the professional high-pressure spray gun with smaller external dimensions and better ergonomics for smaller professional users

- Ergonomic handle with non-slip surface
- LFT - „Low Friction Trigger“ significantly reduces friction and wear and ensures a longer service life for the high-pressure gun, reduced trigger forces and a consistently low pressure drop throughout its service life.
- Optional: swivel at the inlet
- Private Label possible
- Max. 350 bar / 40 l/min / 150° C

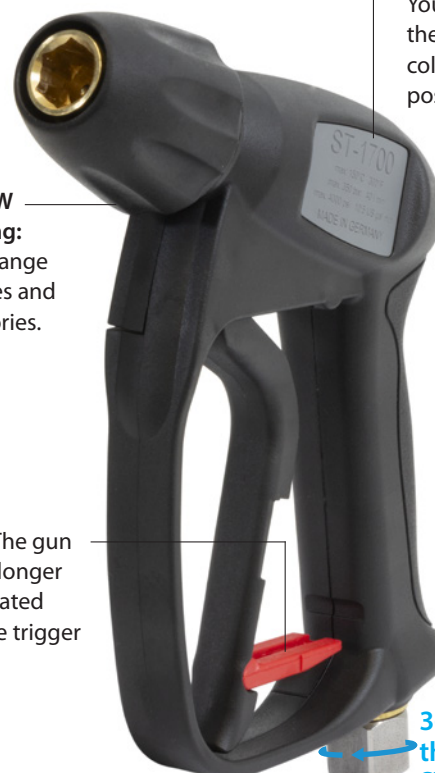

Technical data

Model:	ST-1700
Max. pressure	350 bar / 5.000 psi
Max. flow	40 l/min
Max. temperature	150 °C
Inlet	rear
Swivel at inlet	optional
Chemical resistance	standard
Freeze stop version	-
Weep version	-
LTF technology	standard
Material valve housing	brass
Material valve	brass, stainless steel
Food safe	-
One-piece valve kit	standard
Quick coupling outlet	optional
Progressive closing	-
Private label	optional

With KW coupling:
Easy change of lances and accessories.

Fixed: The gun can no longer be actuated with the trigger lock.

Private label:
Your logo on the label, or color change possible.

360° rotatable thanks to ST-301 swivel joint

LFT - „Low Friction Trigger“ significantly reduces friction and wear and ensures a longer service life of the high-pressure gun, reduced trigger forces and a consistently low pressure drop throughout the entire service life.

ST-1700 Professional ergonomic high pressure spray guns

ST-1700 Professional ergonomic high pressure spray guns

Professional spray gun with LFT technology (Low Friction Trigger). Ergonomic handle with non-slip surface structure.

Max. 350 bar / 40 l/min / 150 °C
